

Comparison of popular Jira apps for Microsoft Teams

With years of experience in Microsoft development, yasoon provides high-quality, secure and state-of-the-art apps made in Germany. Our Microsoft Teams for Jira app helps software and business teams work better together. This table is going to give an overview of what sets us apart from Atlassian's free app „Microsoft Teams for Jira“ and the „Microsoft Teams Jira Connector“ from Move Work Forward, so you can easily decide which one is the right fit for you:
